We recognise that pupil premium funds must be used to raise attainment for the most vulnerable groups of children. Therefore, children receiving support and intervention are reviewed on a regular basis to ensure that the appropriate support and intervention is in place, ensuring an accelerated level of progress.

2014 – 2015 – Intervention is constantly monitored, reviewed, revised and carefully restructured so that it is delivered in an effective way. Support Staff receive training to meet the specific needs of pupils in the Pupil Premium cohort. Children attend intervention sessions for specific and more focussed periods. This reduces the amount of time that children are away from class. Therefore, they continue to have access to higher order thinking and challenging learning and **quality first teaching**.
