R.E – Sikhism

P.E – Dance

French – Describing people

Computing – Scratch

HALF TERM
IS HERE

Notices:

- Happy half term! The children have all worked incredibly hard this first half term, have a lovely week!
- Maths homework is going out this week, it is all about fractions – if they are unsure, talk to them about how they could work out a simple fraction, eg a half, and work on from there.
- Spellings and timestables as usual.
- After half term we will be changing our science topic to ‘States of matter’ so why not talk to your child about the difference between solids, liquids and gases, eg when you take a drinks can out of a fridge, why is there water on the outside? What makes the steam when you boil a kettle?
