

Our Core Subject Learning Focuses

MATHS

THIS WEEK: We will be learning about volume and capacity. We will be exploring how to calculate volume and capacity as well as exploring the impact of different sized containers and how sometimes looks can be deceiving!

ENGLISH

THIS WEEK: We will be continuing with our Pie Corbett Talk for Writing unit of 'Fantasy Stories.' We will be starting to 'box up' the story by looking at the structure and purpose of each paragraph written. WE will also look at how Pie Corbett has achieved the impact on the reader that he has aimed for of building character and setting.

READING

THIS WEEK: We will be continuing our work on Charlotte's Web and developing our reading skills. This week, we will develop our comprehension 'tactics' as well as our abilities to retrieve answers from the text quickly.

IPC

THIS WEEK: We will be looking at portraits of celebrities and taking our time to study the lines and shapes of their faces. We will then aim to re-create them as accurately as we can.

SCIENCE

THIS WEEK: We will focus on animals and classifying them. We will look at the wildlife we have on the school site as well as animals we are all aware of.

ICT

THIS WEEK: We will be continuing with our Shark database project and creating new fields for inputting data.

Own Clothes Day – 23rd June 2017

In light of the devastating fire that took place in Greenfell Tower this week, Pickhurst Junior Academy is going to host an 'Own Clothes Day' to raise funds for those effected. Please contribute a minimum donation of £1.00. Thank you.

Parent Help Needed!

Thank you to all of the parents who volunteered to help us walk to swimming last Tuesday. What beautiful weather we had!

We will still need helpers to walk this week, so please let your child's class teacher know ASAP if you are available to. Thank you in advance.
