

MATHS

Our Core Subject Learning Focuses

LAST WEEK: We focused on equivalent fractions and noticing the relationships between them. We will be learnt how to show equivalent fractions through diagrams and pictures. During the week, the children also explored fractions of numbers.

THIS WEEK: We are looking at co-ordinates. Initially we will be looking at positive numbers but as the week progresses, we will challenge ourselves with additional quadrants to plot in.

Our targets for this week are:

- I can read co-ordinates correctly using the x and y axis
- I can plot correctly on a quadrant
- I can apply the same rules to negative numbers when reading and plotting

ENGLISH

LAST WEEK: We completed our imitation of Pie Corbett's The Mystery of The Hare and The Moon. We developed our editing and improving skills by adding additional description as well as up-levering vocabulary and sentences to a higher standard.

THIS WEEK: We will be creating our own Traditional Tales to include our own moral. We will use the basic structure from Pie Corbett but will be inventing our own tale for our 'hot task.' As the week progresses we will produce a newspaper article based on the public argument between Mr Finch and Mrs Carr after assembly on Thursday (don't worry, folks, it was all staged!) Our targets this week are:

- I can correctly structure my traditional tale
- I can use description to create imagery for the reader
- I can include a moral throughout my tale.

IPC

THIS WEEK: We will be using maps to plot different countries.

SCIENCE

THIS WEEK: The children will be finding out what a sound is and how it travels.

ICT

THIS WEEK: We will be contributing to the Year 4 Wiki sites through research and sharing of ideas.

Last week's **Year 4 Learning Legends** were **Tereza N** and **Joshua H** for their continued enthusiasm towards their learning! They are both so kind to the other members of the Year Group. Congratulations!

FRIDAY – Homework set
MONDAY – Spelling homework and Reading Records due.
TUESDAY – New spellings set.
WEDNESDAY – Homework due

Next week is half term – we hope that you and all the children have a restful break.
