PSHE/P4C – What is fair?

R.E – Sukkots – Harvest festival

P.E – Circuits

French – Weather expressions

Computing – Scratch programming

Please look out for a pair of bright orange trainers that have gone missing from a child in 5BU.

Entry point day!

The week started with a bang as the Year 5 children took part in their Entry point day for Mission to Mars. Throughout the day, the children moved around the different year 5 classrooms and took part in the different activities: Dexterity tests, role-play, space ice-cream tasting and an astronaut suitability selection. A lot of fun was had by all and it was a great way to begin the topic.

Science week

Next week is Science week! The children will be taking part in a week long investigation, carried out in the afternoon sessions each day. On Wednesday, the 'Science Boffins' will be in to deliver a special science assembly to the children. On Friday, the children are invited to come into school dressed as scientists and to bring in a voluntary £1 donation to go towards the cost of the science show.
