

Safer Internet Day

Online Safety Parent Workshop

Introduction

Hello and welcome to our Parent Workshop about Internet Safety for Children.

Overview of Workshop

Safer Internet Day Organisations to know Risks Advice Reporting Incidents Online Safety at Pickhurst

Video calling friends and family

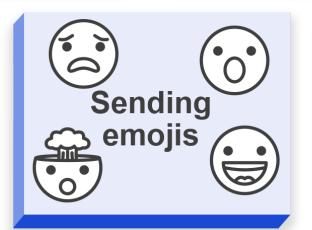

Chatting to your friends

Being respectful online means:

Including people when they want to be included

Listening to other people

Being kind and supportive

Understanding that someone might not want the same things as you

Thinking about how your words and actions make other people feel

Not putting pressure on someone and accepting their boundaries

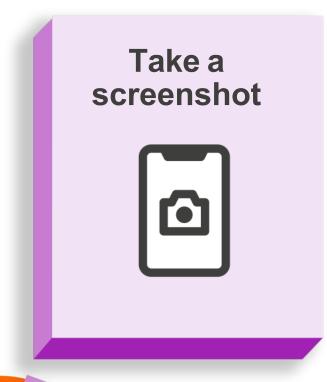

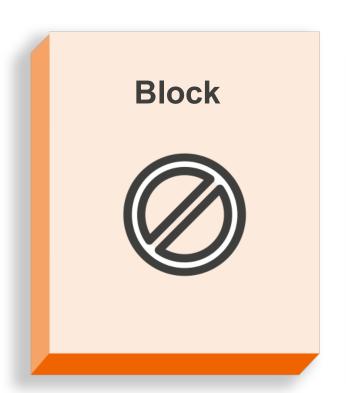

If someone is being disrespectful you can...

Tell them how you feel or ask them to stop politely

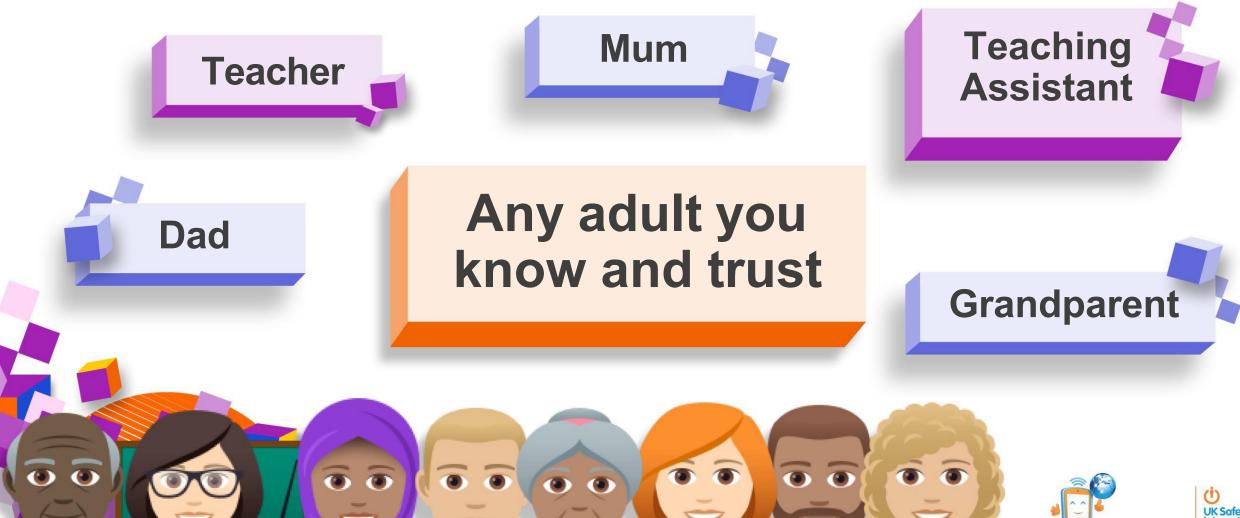

Talk to an adult for help and support!

Organisations to know

Childnet International is a non-profit organisation that is working to help make the internet a great and safe place for children. It is one of three organisations partnered with the UK Safer Internet Centre.

The UK Safer Internet Centre, which was appointed by the European Commission, has three main functions:

- An internet awareness centre
- A helpline for parents and professionals
- A hotline for reporting and removing child abuse imagery and videos

Risks

Risks

Safer

nternet

Have a think about what your child loves doing online and what services and devices they use.

Which of these look familiar?

The online world can be exciting and inspiring. It has lots of opportunities to offer young people. However it is important to manage and minimise the associated risks.

RisksConduct

Online Conduct is the transmission of any Electronic communication; and the publication of any content via Social Media.

RisksContent

Any material available on the Web. Online content includes text, images, animations, music and videos.

RisksCyberbullying

The use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature.

RisksSexting

Advice

Advice

Grooming

Online grooming is where someone befriends a child online and builds up their trust with the intention of exploiting them and causing them harm.

Advice Cyberbullying

The use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature.

Advice Sexting

The action or practice of sending sexually explicit photographs or messages via mobile phone.

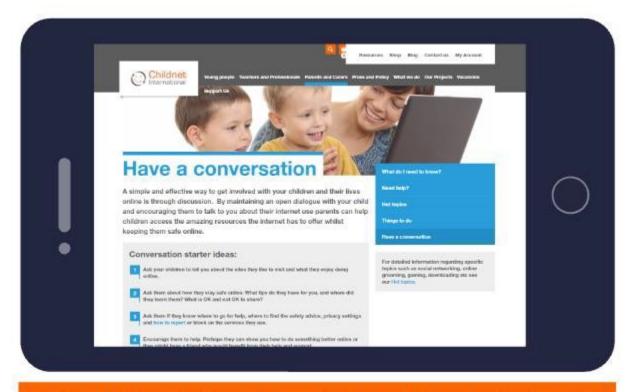

An open and honest dialogue with your child is absolutely key.

Talk to them about their internet use and let them know they can talk to you.

Advice Consider a Family Agreement

Consider setting a family agreement to open discussion.

Establish boundaries and your expectations as a family.

childnet.com/resources/family-agreement

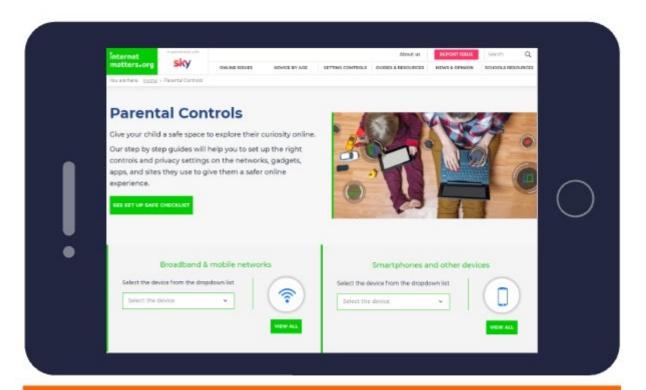

Advice Use Parental Controls

Filtering software and settings can help block unwanted content.

Look at filters on individual devices and from mobile & internet providers

internetmatters.org/parental-controls/

AdviceUse Social Media Guides

Familiarise yourself with safety and privacy settings on the services your family uses.

Learn how to report, block and mute other users on games and social media.

saferinternet.org.uk/advice-centre/social-media-guides

Get involved with your child's life online. Learn about the apps, games and devices they use.

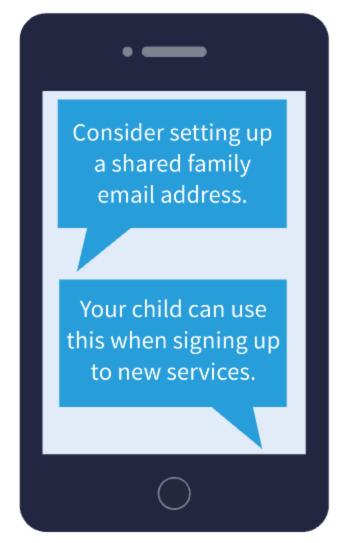

Play their favourite games with them, try out their favourite apps...

Having a Conversation

What do you like most about the internet and why? What's your favourite game/app/site?

Do you like to be creative online? What have you created?

(It could be anything from a picture or video to creating their own games, sites or apps.)

The internet offers
brilliant opportunities for
making connections with
others. Who do you like
to keep in touch with
online and what apps/services do you use?

Having a Conversation Keep the Conversation Going

Do you have any tips for how to be positive and show respect online?

What could you do if someone online is making you or someone you know feel worried or upset?

How might you know if you are using the internet/technology too much?

How does the internet make you feel? Do different apps/games makes you feel differently?

Do you know where to go for help, where to find safety advice and how to use safety tools on your favourite apps and games?

Help me! Can your child show you how to do something better/safer online?

Online Safety at Pickhurst

Online Safety at Pickhurst

Online Safety topics are taught once a term in every year, and cover topics such as cyberbullying, spotting fake news, making sensible choices, what to do when being online is upsetting, sharing information, sensible usernames and passwords.

We have a robust safety system called Smoothwall which blocks access to certain websites.

Our staff are trained in online safety and Safeguarding and are always looking out for signs the children need help.

We take part in special days such as Safer Internet Day.

We log and monitor E-safety incidents.

We can offer advice to parents/carers through workshops such as this.

Thank you for watching

I hope you found this useful
