

### Year 3 - Structures - Constructing a castle.

| Key Vocabulary  |                                                                                                                                              | Key Facts:                                                                           |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| 2D shapes       | Flat objects with 2-dimensions, such as square, rectangle and circle.                                                                        |  |
| 3D shapes       | Solid objects with 3-dimensions, such as cube, cylinder and sphere.                                                                          |                                                                                      |
| Castle          | A type of building that used to be built hundreds of years ago to defend land and be a home for Kings and Queens and other very rich people. |                                                                                      |
| Design criteria | A set of rules to help designers focus their ideas and test the success of them.                                                             |                                                                                      |
| Feature         | A specific part of something.                                                                                                                |                                                                                      |
| Net             | A 2D flat shape, that can become a 3D shape once assembled.                                                                                  |                                                                                      |
| Stable          | Object does not easily topple over.                                                                                                          |                                                                                      |
| Structure       | Something which stands, usually on its own.                                                                                                  |                                                                                      |

Windsor Castle is the largest castle in England.

3D shapes: cuboid, cube, sphere, cylinder, cone.

### Year 3 - Eating Seasonally

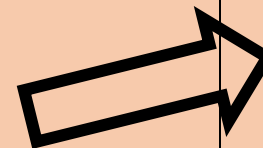

#### Key Vocabulary

|                      |                                                                                                                                                                                                    |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Climate</b>       | The weather and temperature in each country in the world depends on which climate group that country is located. There are five climate groups: polar, temperate, dry, tropical and Mediterranean. |
| <b>Exported</b>      | When products or produce, such as fruit and vegetables are sent to another country.                                                                                                                |
| <b>Imported</b>      | When products or produce, such as fruit and vegetables are brought into a country.                                                                                                                 |
| <b>Nutrients</b>     | Substances in food that all living things needs to make energy, grow and develop.                                                                                                                  |
| <b>Recipe</b>        | A set of instructions for making or preparing a food item or dish.                                                                                                                                 |
| <b>Seasons</b>       | The seasons of the year are spring, summer, autumn and winter.                                                                                                                                     |
| <b>Seasonal food</b> | Food that can be harvested and is ready to eat in a particular season.                                                                                                                             |

Fruits and vegetables are full of vitamins, minerals and fibre. These **nutrients** help us to grow, heal, give us energy and keep us healthy.

Not all fruits and vegetables can be grown in Britain. Many foods are imported from across the globe. Here are some examples:

#### Key Facts

### Year 3 - Textiles - Cushions

#### Key Vocabulary

|                        |                                                                                                                   |
|------------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>Accurate</b>        | Neat, correct shape, size and pattern with no mistakes.                                                           |
| <b>Appliqué</b>        | A type of textiles work where small pieces of cloth are sewn or stuck in a pattern onto a larger piece.           |
| <b>Cushion</b>         | A stuffed shape of fabric used to make sitting more comfortable.                                                  |
| <b>Fabric</b>          | A natural or man-made woven or knitted material that is made from plant fibres, animal fur or synthetic material. |
| <b>Cross-stitch</b>    | A two-stitch style of sewing which forms a cross pattern.                                                         |
| <b>Running-stitch</b>  | A simple style of sewing in a straight line with no overlapping.                                                  |
| <b>Target audience</b> | A person or particular group of people at whom a product is aimed.                                                |

Beads, buttons or sequins can be used to decorate your cushion.
