What are fundamental skills?

Fundamental movement skills are a specific set of gross motor skills that involve different parts of the body. When confident and competent in these skills, children can develop more complex movement skills and apply these to recreational, activity or sport-specific situations.

A player is 'out' when:

- A LIVE ball hits their body (shoulders or below) or their clothing.
- An opposition player catches a LIVE ball that they have thrown. So, if a player throws it and their opponent catches it cleanly, then the player who threw it is out and one of their opponents' team is allowed back in.
- Once a player is out, they must leave the court immediately and go to the queue of players already eliminated from their team OUTSIDE and BEHIND the court area.

|----------|----------|---------------|--------------|
| • throw | • catch | • possession | • opposition |
| • dodge | • rules | • court | |
| • defend | • attack | • protect | |
| • block | • caught | • communicate | |

Teacher Glossary

Live Ball: A "LIVE" ball is one that has not bounced or hit a wall/ceiling.

End Zone: The areas at the back of the court where players must stand at the start of a game.

Target: Any 'live' player on the opposing team.

Dead Zone: The area that runs through the centre of the court. Only a player's hands are allowed in the dead zone.

- Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement.
- Pupils should be taught to develop flexibility, strength, technique, control and balance.
- Pupils should be taught to perform dances using a range of movement patterns.

Performance Ideas

- Performing in front of the class can be a daunting task for some pupils. Be mindful to introduce this gradually by encouraging pupils to perform without forcing them. Performance is an important part of dance but can also be time consuming if not structured correctly.

Performing, some good ideas:

- Create an environment in which pupils feel safe to perform by teaching the audience how to be respectful.
- Help the audience to structure their feedback with positive comments first, followed by areas to improve.
- Encourage pupils to use the correct dance terminology in their feedback.
- Ways to perform: half the class to the other half, one individual to another, one pair to another, three groups at a time etc.

Key Skills: Physical

- Using canon, unison, formation, dynamics, pathways, direction

Teacher Glossary

- Counts:** A performer uses counts to stay in time with the music and / or other performers.
- Action:** The movement a dancer does e.g. travel, jump, kick.

- Canon:** Performing movements one after the other.
- Formation:** where dancers are in relation to each other.
- Dynamics:** How a movement is performed e.g. robotically, softly.

Ways to improve a sequence

- **Starting and finishing position:** Include a starting and finishing position.
- **Level:** Use a variety of levels. Can you explore that balance, shape, jump on a different level?
- **Action:** Include a variety of actions such as a jump, balance, travel, shape.
- **Balance:** Hold your balances with good extension and clear shapes for 3 - 5 seconds.
- **Body tension:** Squeeze your muscles to create and hold strong clear shapes.
- **Direction:** Vary the direction used within a sequence e.g. forwards, backwards, sideways.

Point balance: A balance on a small body part e.g. hands, elbows, feet.

Patch balance: A balance on a large body part e.g. back, stomach, bottom.

Sequence: A number of actions linked together.

Body tension: Squeezing muscles to help to stay strong when performing actions. Having good body tension improves the quality of an action.

How to win a point

A player wins a point when :

- Opponent hits the ball in the net.
- Opponent hits the ball out of the court area.
- Opponent misses the ball.
- Ball bounces twice.
- Opponent does a double fault (meaning if they serve the ball and it hits the net, doesn't land on their opponent's side, they can have another go. If they miss again it is a double fault.)
