

Woodlands

This week's learning at School and Home

Monday 4th May—Friday 8th May 2026

STEAM Week was a huge success in Woodlands!

The children have participated in activities for Science, Technology, Engineering, Art and Maths and rose to the challenges set before them. They discovered how to make a tractor beam and moved the can with static electricity from the balloon, thought about their design for flood defence houses, sent paper mice into the air by forcing pressure out of a milk carton, created amazing art with salt and watercolours and played a game of chance.

English

Inspire/Ignite

Book: The Crown

Lesson 1: To record speech

Lesson 2: To research information for a text

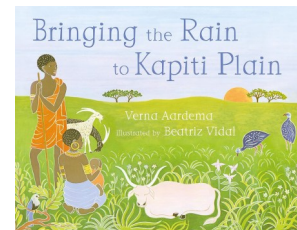

Immerse

Book: Bringing the Rain to Kapiti Plain

Lesson 1: Story mapping

Lesson 2: Handwriting

Maths

Inspire/ Ignite

	Lesson 1	Lesson 2
	Multiply and divide by 10, 100 and 1000	Multiply and divide decimals—missing values
	Describe position using coordinates	Plot coordinates
	Language of position	Describe movements
	Language of position	Describe movements
	Tell the time to the half hour	Tell the time to the half hour

Immerse

	Select shapes for a purpose Explore objects and small world from different positions	Rotate shapes Make simple routes in small world with lines and curves
---	---	--

Inspire:

RE	Computing	Humanities	Science	French	PSHE
To reflect on the Baha'i teachings of world unity and equality.	To understand what pattern recognition and abstraction mean.	To understand that views on what is a punishment have changed over time.	To know the key characteristics of invertebrates.	To focus on word classes.	To understand the ways in which they can contribute to the care of the environment.
To explore were some Christians worship.	To plan my stop motion video, thinking about the characters I want to use.	To know and understand why the Kindertransport took place.	To define what insects are and describe the different types of life cycle, including the process of metamorphosis.	To buy tickets at the Station.	

Ignite:

Art	Communication/ Language	Topic	Science	PSHE
To explore optical illusions as an art form	Attention Autism / SaLT	How volcanic regions can be attractive to tourists	To make and record electrical circuits	To understand that there are different types of choices

Immerse:

The World Around Us	Health, Mind and Body	Social Sessions	Discovery Sessions	Expression Sessions
Seasons overview	Sensory circuits	SaLT, Attention Autism	Science—How are sounds made?	Music—Finding the beat

Celebrations

Woodlands Star of the Week:

Alayna—for excellent work in all activities during STEAM Week

Reminders

- Reading books and spellings will be changed on Fridays only.
- Please provide your child with a daily snack and water bottle.
- Please send in pictures and videos before 8:30am on Tuesday for Weekend News.

**We hoped you all enjoyed the
Bank Holiday weekend!**

Warmer weather notice

We are hoping the weather will continue to improve so that we can all enjoy the lovely sunshine, but please provide the following for your children:

Sun hat

Sun cream

Water

Thank you for your support
